What is FATCA / CRS?

The U.S. government introduced the Foreign Account Tax Compliance Act, 2010 (FATCA) for obtaining information on accounts held by U.S. taxpayers in other countries. Further, Organization for Economic Co-operation & Development (OECD) and G20 countries agreed for automatic exchange of information through Common Reporting Standards (CRS). The Government of India has signed an Inter-Government Agreement (IGA) with US and has also joined the Multilateral Competent Authority agreement (MCAA) for automatic sharing of information with member countries of OECD and G20. By virtue of India signing an IGA with US and joining MCAA, Indian financial institutions will have to provide the required financial information to Indian tax authorities which in turn would forward reportable information to US IRS and member countries of OECD and G20 countries.

In order to implement FATCA and CRS norms in India, Angel One Limited is required to implement procedures to identify U.S. account holders or other jurisdictions reportable accounts, perform due diligence and obtain documentary evidence wherever required and report details of such accounts to relevant tax authority.

Under Common Reportable Standards (CRS), reportable person means Tax residents of a reportable foreign jurisdiction other than U.S. (Please note the above information is provided only for quick reference to customers. You are requested to consult a legal/ tax advisor if in doubt).
