What is FATCA / CRS?

The U.S. government introduced the Foreign Account Tax Compliance Act, 2010 (FATCA) for obtaining information on accounts held by U.S. taxpayers in other countries. Further, Organization for Economic Co-operation & Development (OECD) and G20 countries agreed for automatic exchange on information through Common Reporting Standards (CRS). The Government of India has signed an Inter-Government Agreement (IGA) with US and has also joined the Multilateral Competent Authority agreement (MCAA) for automatic sharing of information with member countries of OECD and G20. By virtue of India signing an IGA with US and joining MCAA, Indian financial institutions will have to provide the required financial information to Indian tax authorities which in turn would forward reportable information to US IRS and member countries of OECD and G20 countries.

In order to implement FATCA and CRS norms in India, Angel Broking Private Limited is required to implement procedures to identify U.S. account holders or other jurisdictions reportable accounts, perform due diligence and obtain documentary evidence wherever required and report details of such accounts to relevant tax authority.

6. Subject to the initial margin as aforesaid, Angel may, at its sole and absolute discretion, revise and increase from time to time the margin required for any stock permitted to be traded under MTF. Where client has exposure in the stock in respect of which margin has been revised but does not already have sufficient credit in the account to meet increase in margin, Client shall pay margin found short within the time prescribed for making margin payment.

7. Applicable minimum initial margin, increased margin, margin shortfall, if any, can be paid in the form of cash, cash equivalent, or Group I equity shares with appropriate hair cut as specified in SEBI Master Circular No. SEBI/HO/MRD/DP/CIR/P/2016/135, DTD. 6/12/2016. Client shall have the right to change collateral securities provided under the MTF with other collateral securities provided that such other

collateral securities are approved and sufficient to meet the margin required.

8. Margin requirement on shares purchased under MTF shall be computed by grossing applicable margin i.e., minimum initial margin plus increased margin, if any, on each stock and shortage computed accordingly by deducting available margin from gross margin. Collateral shares and shares purchased under MTF (Funded Shares) shall be marked to market daily for the purpose of computing the margin/shortage of margin.
9. Applicable minimum initial margin and increased margin, if any, shall be kept supplied at all times by the clients in respect of the stocks purchased under the MTF. Client shall pay any shortage in the required margin immediately on receiving demand (margin call) and in any case not exceeding 5 working days from the day of making margin call failing which Angel shall be at liberty to liquidate the funded shares and/or collateral shares to recover the dues outstanding in the account of the Clients. Priority of shares to be liquidated shall depend on the parameters set forth in the Risk Management policy of the company as applicable from time to time. In case of extreme volatility in the market, Angel may demand payment of margin forthwith and prescribed time for making margin payment shall be construed accordingly. Decision of Angel in relation to market volatility shall be final and binding without Angel having to provide any reason for the decision to the Client.
10. Client in margin default shall continue to be in margin default, until the required margin is furnished in full to eliminate the shortage. Partial payment of margin or a change in the required margin shall not extend the time stipulated for making margin payment which will run from the time of making margin call to the Client.
11. In case margin is reduced by an amount equal to applicable ELM component of the total margin due to market volatility within a trading day (i.e., available margin becomes equal to or less than applicable VAR margin), Angel reserves the right to liquidate the collaterals and/or funded shares forthwith without prior notice to the client.
12. MTF Clients purchasing shares not specified in Angel Approved List of Group 1 securities shall be required to 100% margin upfront for such purchases.
13. Client shall inform the broker of its intent to shift the identified transaction under Margin Trading Facility within the time lines specified by the broker failing which the transaction will be treated under the normal trading facility.
14. If a client is debarred by orders of lawful authority from trading in the securities market, Angel shall liquidate collateral and funded shares of the client to recover its dues to the full extent forthwith.
15. Stock broker make amendments in RMS policy at any time but give effect to such policy after the amendments are duly communicated to the clients registered under the Margin Trading Facility.
16. Any transaction to be considered for exposure to MTF shall be determined as per the policy of the broker provided that such determination shall happen not later than T + 1 day.
17. Angel reserves the right to withdraw MTF with respect to any Client without assigning any reason after giving a reasonable notice to the Client in which case dues if any outstanding in the account of the Client shall become payable immediately. Failure to make payment of the outstanding dues shall result in liquidation of collateral and/or funded shares held in Client's account.
18. Client may terminate the MTF account after paying all dues in the MTF account.
19. Angel shall not use the funds and securities of one client to provide MTF to another client, even on the authority of the client.
20. The stocks deposited as margin collateral and funded stock shall be identifiable separately and no comingling shall be permitted for the purpose of computing funding amount.
21. The MTF facility may be withdrawn by the broker, in the event of client committing any breach of any terms or conditions therein or at anytime after due intimation to client allowing such time to liquidate the MTF position as per the agreed liquidation terms without assigning any reason. Similarly, client may opt to terminate the margin trading facility in the event of broker committing any breach of any terms or conditions therein or for any other reason.
22. In the event of termination of this arrangement, the client shall forthwith settle the dues of the Stock Broker. The Stock Broker shall be entitled to immediately adjust the Margin Amount against the dues of the client, and the client hereby authorizes the Stock Broker to make such adjustment.
23. Angel shall restrict the maximum gross exposure as well as individual stock-wise exposure of a client under the MTF at any point in time according to its internal policies and market views without assigning any reasons to the client. Furnishing applicable margin shall not by itself entitle the client to seek exposure beyond the limit restricted by Angel.
24. Admitting clients for MTF shall be at the discretion of the Stock Broker/Trading Member. Clients request for admission to MTF may be disallowed without assigning any reason.
25. By agreeing to avail of MTF, the client shall be deemed to have authorized Angel to retain and/or pledge the shares purchased under MTF (funded shares) and collateral shares provided as margin till the amount due in respect of the purchase and all other dues are paid in full by the Client.
26. All outstanding dues under MTF shall carry interest @18% p.a, compounded at fortnightly rest.
27. Client shall be free to take the delivery of the securities at any time by repaying the amounts that was paid by the Stock Broker to the Exchange towards securities after paying all dues.
28. Until full payment of the outstanding dues in the MTF A/c is made by the Client, collateral shares and funded shares, as far as may be required, shall be retained in the Demat A/c of Angel,

separately identified as collateral shares and funded shares.

29. Daily margin statement sent to the MTF clients shall identify margin/collateral for MTF transaction separately.

30. Angel shall declare and communicate to the Client risk management policies that it will follow with respect to MTF transactions. Angel may amend the policies from time to time according to its risk perceptions and inform the Clients of the amendments made.

31. Any disputes arising between the client and Angel in connection with the margin trading facility shall be resolved through the investor grievance redressal mechanism and/or arbitration mechanism of the stock exchanges as in the case of normal trades.

32. The Rights and Obligations prescribed hereinabove shall be read

33. MTF account where there is no transaction under MTF for more than 90 days shall be settled immediately on expiry of said 90 days provided there are no dues outstanding in the MTF account. Dues if any outstanding in the normal trading account shall be first adjusted against the settlement amount and the remainder shall be paid to the Client.
