How the scam works:

These fraudsters often pose as Angel One executives or partners and may attempt to lure you by:

- Offering illegal "assured" or "guaranteed" stock market returns.
- Providing unsolicited stock tips or account handling services for a share of your profits.
- Asking for your sensitive login credentials, including your Password, PIN, or OTP.

Your Safety Checklist:

To keep your investments and funds completely secure, please follow these golden rules:

- **Never share credentials:** We will *never* ask for your OTP, PIN, or password.
- **Ignore "Guaranteed Returns":** Such offerings are prohibited by law. If it sounds too good to be true, it likely is.
- **Do not transfer funds externally:** Never transfer money to personal bank accounts or third-party links for trading. Only use the official Angel One app or web portal.
- **Verify before trusting:** Be extremely cautious of social media profiles, links, or unknown callers requesting personal details.

Spotted something suspicious? Report it immediately:

- **Angel One Support:** Call 1800-1020 or email support@angelone.in
- **National Cyber Crime:** Visit www.cybercrime.gov.in, call Helpline **1930**, or reach out to your nearest police station.

Stay alert, stay safe, and always use our official apps to invest.

Warm Regards,
Team Angel One
