

Scam Se Savdhaan!

Stay Alert: Beware Of Impersonation Scams

Dear [NAME],

Your account is safe. This is a general advisory, not an alert about anything specific to your account.

We've identified an entity falsely claiming to represent Angel One:

- **Agency name:** Grow Wealth Research
- **Contact numbers:** 9632178707, 8320514411

What they're doing: Offering profit sharing services, providing stock tips by assuring returns, and requesting login credentials (OTP/PIN/Password) to handle accounts on investors' behalf.

None of this is us. Angel One never guarantees returns, never asks for your OTP, PIN, or password, and has no association with this agency or any individual operating through these numbers.

If you're contacted by someone like this:

- Don't share your OTP, PIN, or password — ever, with anyone.
- Don't transfer funds to a third party for "investment" or trading.
- Be cautious of unsolicited tips, "assured return" offers, and unknown callers asking for personal details.
- Verify any link, app, or contact number through our official channels before engaging.

Report it:

- Write to us at: support@angelone.in
- Report cybercrime at "cybercrime.gov.in" or call the national helpline, **1930**.

Note: Angel One is not liable for losses from engaging with unauthorized individuals or groups falsely claiming association with us. Any such interaction is entirely at your own risk.

Stay alert. Stay informed.
Team Angel One
